- CSS

## INTRO

Over four years of experience as a full stack developer.

Proficient in building optimized **RESTful APIs** using both **Node.js** and **PHP** as a **backend developer**.

Proficient in building interactive and responsive **frontend UI** interfaces using technologies like **React.js**, **Vue.js**, **Nuxt.js**, **Jquery**, **Sass**, **CSS**.

Proficient in database designing using **MySQL** and **MongoDB**.

Initially never considered web development. Learned coding from Youtube. Turned it into a passion.

Able to work independently or as a part of a team.

**ACWD Certified:** was the only person to receive project from my teacher in my batch - [my first project](#) (purely HTML, CSS, Jquery)

**Team Leader** of the aerobics team in school.

**Winner** in Annual School Sports for three consecutive years.

Hobbies include playing badminton, singing, and solving code.

## LANGUAGES

English, Hindi, Bengali
